

Take Action Now - Call the Governor

The Governor's proposed cuts would be a disaster for our community, for our local economy, and for tens of thousands of seniors and their families. These are the programs that serve seniors and people with disabilities, and that are facing cuts or elimination:

- × Supplemental Security Income/State Supplementary Program (SSI/SSP)
- × Cash Assistance Program for Immigrants (CAPI)
- × In-Home Supportive Services (IHSS)
- × Adult Day Health Care

These programs are all that stand between many seniors and homelessness or a nursing home. These services are vital to our community's health, and we depend on our Governor to represent us in advocating for the well being of elderly, frail and disabled residents.

The Governor must hear from you about how important it is to preserve services for vulnerable seniors. **Call him at 1-916-445-2841.**

What to Say?

- Identify yourself and what city you live in.
- (I care about the health and safety of seniors in my community.)
- (I am concerned about the your proposed cuts to Supplemental Security Income, Cash Assistance Program for Immigrants, In-Home Supportive Services and Adult Day Health Care.)
- (I urge you to protect these services and reject these proposed cuts.)
- (These cuts will deny thousands of Alameda County residents the assistance they need to continue living safely in the community.)
- (These proposals will cut jobs at a time when California needs to preserve jobs.)
- (Please support revenue solutions like the ,il Severance Tax and repealing last year's corporate tax breaks.)
- (I can we count on you to protect seniors/)
